THE COLLEGE CALENDAR FOR 1941-1942

First Semester

1941

Sept. 2-8, Opening program:

Sept. 2, Tuesday, 1:30 p. m.—New students report.

Sept. 3, Wednesday, 8:00 a. m.—Registration of new students; payment of bills by old or new students who have registered.

Sept. 4, Thursday, 8:10 a. m.—Opening chapel service; registration.

Sept. 5, Friday, 8:10 a. m.—Annual Convocation; first meeting of classes.

Sept. 6, Saturday, 8:00 p. m.—Y.W.C.A. and Y.M.C.A. reception.

Sept. 8, Monday, 8:00 p. m.—Faculty reception.

Nov. 1, Saturday—Founders, and Homecoming Day.

Nov. 18, Tuesday, 9:00 a. m.—Fall Meeting of the Directors.

Nov. 27, Thanksgiving Day.

Dec. 14, Sunday, 3:00 p. m.—"The Messiah."

Dec. 18, Thursday, noon, First Semester ends; Christmas Holidays begin.

Second Semester

1942

Jan. 7, Wednesday, 8:10 a. m.—Christmas holidays end; second semester begins.

Feb. 4-12, February meetings.

April 15, 16—Comprehensive examination for seniors; National Cooperative tests for sophomores.

May 1, Friday—May Day Festival.

May 11-16, Second semester examinations.

May 15-18, Commencement program:

May 15, Friday, 8:00 p. m.—Senior class play.

May 16, Saturday—Alumni day.
9:25-11:15 a. m., Alumni seminars.
3:00-5:00 p. m., President's Reception.
7:00 p. m., Annual Alumni Association dinner.

May 17, Sunday, 10:30 a. m., Baccalaureate service.

May 18, Monday, 10:00 a. m., Graduation exercises.

DR. RALPH WALDO LLOYD
President of Maryville College

GREETING FROM THE PRESIDENT OF THE COLLEGE

I know of no better place to be in the world today than on an American college campus. It is a cause for profound thankfulness that our institutions are free to conduct their work, and that most youth of the nation are free to attend. Surely all of us are saddened when we think of the millions of other youth who must fight the world's cruel wars; surely we will count our opportunties more precious than ever; surely we will continue to pray for the day of peace.

To you who have been able to enter college this fall and who have selected and been selected by Maryville College, I extend earnest and cordial greeting.

RALPH WALDO LLOYD
President of Maryville College

GENERAL INTRODUCTION TO MARYVILLE COLLEGE

If you new students know something before you come to Maryville of the location, historical background, general facts and activities of the college, you will find it easier to adjust yourselves to life here after you arrive. The purpose of this introduction is to acquaint you with the college, in order to lessen any sense of strangeness you may feel your first few days here. These words cannot be expected to give you a complete understanding of Maryville. But we do hope that by giving you these general facts, we may help you to discover for yourselves the things of value which Maryville has to offer you.

As for the campus we would venture to say that there are few more beautiful in the country. A definite program of campus beautification has been in progress during the past five years. Hundreds of small trees and shrubs have been added to the campus; a new circular drive is soon to be completed; and numerous other improvements are being made. Included in the campus is an extensive College woods of pine, oak, and cedar.

Here, very near the College botanical gardens, is a huge, natural amphitheatre in which the beautiful and impressive May Day pageant is given each year. Included also on the campus is a nine-hole golf course.

There are twenty buildings on the campus, the principal ones being described in the school catalogue. You will find no difficulty in becom-

ing located, however, for within a few days after your arrival you will know them as well as the upper-classmen do.

During the past year the college has built in the Fine Arts Studio of Voorhees Chapel a new broadcasting studio. Broadcasting over the local N.B.C. (Red) station, the Radio Vespers and the Wednesday evening programs have become an important step in the development of the college.

There are no social fraternities at Maryville and no dancing, as it is not felt that they are necessary or in harmony with the general aims and purposes of the school. However, there will be plenty of social activity, sponsored by the two "Y's", the Student Council, and various other organizations and clubs. Social contacts in Maryville are carried on in an informal and easy manner. Campus activities are planned with the idea of wholesome fellowship uppermost in mind. The four societies, two for men and two for women, aid in this matter by presenting a short, entertaining program each Saturday night.

The clubs on the "Hill", can be put into three classes: vocational, honorary, and social. The Ministerial Association, the Law Club, Student Volunteers, the Pre-Medical Club and the Language Clubs have organized for study and fellowship along particular lines. Honor societies include Forensics, Athletics, Dramatics, and Scholarship. There are various state and other clubs mentioned later for recreation and social activity.

A general introduction to Maryville would not be complete without a word about sports.

When you come to Maryville, be a loyal supporter of the Orange and Garnet. Football starts off the program in September and activity continues throughout the year.

When you arrive in Knoxville take the bus to Maryville as this is the most convenient transportation. If you see anyone with a Maryville tag, he will be glad to direct you. Then when you arrive on the campus, go to one of the Information desks or tables staffed by members of the Y. W. and Y. M. C. A. Make yourself known to them and they will direct you to your dormitory. There, other students will help you with your baggage and assist you in finding your room. There will probably be some confusion, but it won't take you long to get your bearings.

New students are continually surprised and impressed in finding such a friendly spirit in evidence at Maryville. As a general thing new students expect to be the under-dogs, but this is not the case at Maryville. There is no hazing or mistreating of the new students. You will find the upper-classmen ready and willing to help you in every possible way. Ask them questions, borrow from them until your trunk arrives—they won't mind. It's the Maryville spirit. The new girls will be especially taken care of by their "big sisters", arranged for by the Y. W. C. A. The Y. M. C. A. has an "Upper Class Council" intended to aid and guide new fellows in their contacts at Maryville.

Now that we have given you this general introduction, we urge you to come to Maryville prepared to spend the happiest four years that you have ever experienced.

Y. M. C. A. PRESIDENT'S WELCOME

Hello, New Fellows:

The Y. M. C. A. extends to you its most sincere and hearty welcome! May your four-year stay at Maryville be the happiest years of your school life!

The Y. M. C. A. at Maryville is active to serve the men students on the "Hill." This is one of the reasons we want you to become part of us. From the time you arrive on the Campus, Y. W. girls and Y. M. fellows will help to extend to you the friendly atmosphere of Maryville College. With your co-operation we will have a successful "Y" year.

Included in the general "Y" program is the freshmen fellowship club, the upperclass counselling program, the watermelon pow wow, intramural sports, "Y" mountain hikes, spring banquet, the Artist Series, the "Y" store, the Sunday afternoon worship programs, and a lot of other activities.

By becoming an active "Y" member, you will help us to fulfill this year's motto " . . . as He that doth serve". Our entire program is designed to meet a four-fold need—spiritual, physical, mental, and social. The "Y" is for the men of the college; we need you to make our program effective.

Sincerely,
HILTON WICK,
President, Y.M.C.A.

Y. W. C. A. PRESIDENT'S WELCOME

Hello, New Girls!

It is a privilege to welcome you to our campus and our college family. You are probably looking forward to college with as much eagerness and curiosity as the Y. W. C. A. is looking forward to meeting you.

On each "first day" of college, buses and automobiles roll into the campus to be met by Y. M. C. A. and Y. W. C. A. friends-to-be. You will get a first impression of us while we are hunting for baggage checks, room numbers, and a Y. M. C. A. boy to carry your bags.

All of that bustle is just the beginning of a year which we hope will be filled with happiness which comes from friendships formed in the Y. W. C. A. Our Y. W. C. A. program offers opportunities of personal growth and service to each girl. We eagerly await your arrival and hope to make you one of us in enjoying the fun and enriching experiences the Y. W. C. A. offers.

Sincerely yours,
ANNE GAMMON,
President, Y.W.C.A.

Y. M. C. A. ACTIVITY

The Y. M. C. A. endeavors to lead on the campus in every phase of college life. The cabinet is chosen with the end in view of having campus leaders working for the "Y." You will find that the Y. M. C. A. as a whole consists of hard-working, progressive young men with whom you will want to work or have good times.

The original sponsors of the interclass athletics, the "Y" now aids the athletic department in the adminisration of the extensive Intramural Program.

Fellowship such as the annual mountain hike and banquets are naturally among the most popular features of the "Y" program. An addition to "Y" work this year is an "Upper Class Council" to aid and guide new students.

In Bartlett Hall—the "Y" headquarters—will be found the reading and game room. Here there is a good radio, current magazines and newspapers. Games have been placed here for your entertainment.

The Sunday afternoon meetings in Bartlett Hall are the times when we try to reach decisions on the vital issues of life. These meetings are brief, interesting, instructive, and inspiring. They are featured by special music, prominent guest speakers, and student discussions. They are the hub of the "Y" program.

Every year the Y. M. cabinet, along with the Y. W. cabinet, spends a week-end "Retreat" in the mountains in order to plan the work of the following year. The motto this year is " . . . as He that doth serve". Join the "Y" and help us in our work.

Y. W. C. A. ACTIVITY

Maryville's Y. W. C. A. has always endeavored to help girls find satisfaction and peace in Christian living. Keeping this main aim ever in view, Y. W. has organized such groups as the Nu Gamma Sigma and the Pi Gamma Sigma, Big Sister movements, the International Relations Club; and Y. W. participates in the East Tennessee Intercollegiate Christian Council.

The Sunday afternoon worship services are planned to give inspiration and help. Problems of vital interest to all college girls are presented—personal, social, and international problems. Both old and new girls have opportunity to assist in some part of these services, and are greatly benefitted by the actual participation.

Besides the joint activities with the Y. M. C. A. the program of the Y. W. includes such activities as the production of the May Day pageant, semi-annual tennis tournaments, social service work in the mission chapels and in the orphanage, and various social activities for Y. W. members. The Y. W. rooms are especially well adapted and equipped for group events or individual relaxation and enjoyment. All members are invited to use the "Y" rooms, which are always open throughout the day.

You will find that the members of the "Y" cabinet, the Nu Gamma and Pi Gamma leaders are willing to help in every way possible. Give Y. W. a chance to be your friend and guide, and join the old members as they follow this year's motto, " . . . as He that doth serve".

JOINT ACTIVITIES

Joint Devotional Meetings

Usually the devotional meetings of the Y. M. C. A. and Y. W. C. A. on Sunday afternoons are held separately, but at various times joint meetings are held, in the conduct of which both organizations co-operate.

International Relations Club

This organization is sponsored by both the "Y's" in the effort to make students conscious of world affairs. Through well-informed speakers and informal discussion groups, an attempt is made to educate for peace.

Artist Series

Each year the college brings to the campus a number of artists of highest excellence. Outstanding in last year's series were concerts by Alexander Kipnis; and Maurice Eisenberg and Joseph Battista in joint recital; and the opera, "The Barber of Seville". Tickets are sold to the public; the cost to the students is included in the Student Activity Fee. The Series is managed by a Faculty Committee with the co-operation of the Y. M. C. A. and the Y. W. C. A.

The 1941-1942 series will consist of the opera "Don Pasquale" and recitals by Anatole Kitain and Jan Kiepura. This year will mark the eleventh anniversary of the Series, which has featured such famous artists as Jose Iturbi, Helen Jepson, Josef Hofmann, John Charles Thomas, and many others.

Barnwarming

Each year at Thanksgiving the Y. W. C. A. puts on a barnwarming in the Alumni gymnasium. It's a gala affair and so much fun you won't think of missing it.

NU GAMMA CHAIRMAN'S WELCOME

DEAR NEW GIRLS:

Perhaps by this time your plans for college are about complete and you are waiting eagerly for the college opening. We of Nu Gamma also await that time with anticipation. We are eager to meet and know you as a new friend.

You have probably heard from your Nu Gamma leader about such things as activities, rules, and dress, and are forming your opinions of the college from them.

I am sure you will be interested in the Nu Gamma meetings which are held once a week for the first six weeks of school. Here you will make many fast friendships and will get a chance to ask all the questions that you want to. I know you will enjoy the hikes in the woods, candy pulls, and fellowship in each Nu Gamma group.

We are looking forward to having you here and having the dear old Alma Mater become as dear to you as it is to us. Nu Gamma is waiting to help make you acquainted with Maryville, and so, we begin now by bidding you welcome.

Sincerely,
VIRGINIA MARGARET WILLIAMS

GENERAL STUDENT ACTIVITY

Everyone can find some organized college activity to capture his interest and to utilize his ability. Some organizations are open to all; others are selective or honorary. Extra-curricular activities will form an important part of your college life; so we advise you to choose them carefully.

Student Council

The Student Council is composed of nine seniors, six juniors, four sophomores, and two freshmen. This body is not student government, but it represents student opinion, and it works with the faculty in promoting desirable movements. The members are elected by their classes early in the fall. Two committees are chosen from the council, the Student-Faculty Committee and the Publications Committee.

NATIONAL HONORARY FRATERNITIES

Pi Kappa Delta

Maryville has the honor of having the Tennessee Alpha Chapter of the national honorary fraternity, Pi Kappa Delta. Last year members of the chapter entered seven different speech tournaments throughout the south in addition to other speaking activity. Members of the squad have consistently ranked high in national and local tournaments. Dr. Verton M. Queener is varsity coach, and Mr. Archibald F. Pieper, in addition to acting as Freshmen coach, assists in coaching the varsity squad. Both Freshmen and varsity groups meet as classes and receive college credit for their speech work.

Theta Alpha Phi

Talented dramatic students may, upon meeting certain requirements for membership, be initiated into the Tennessee Delta Chapter of the national honorary dramatic fraternity Theta Alpha Phi, located at Maryville.

Sigma Delta Psi

The Maryville chapter of Sigma Delta Psi was established in 1930. Membership is open to all men of the college "who maintain satisfactory scholarship and command the respect of their associates as athletes and gentlemen." Membership is earned by meeting the requirements of the various athletic tests in the presence of a responsible committee.

Local Honorary Society

Alpha Gamma Sigma was organized in the spring of 1934, for the purpose of motivating high scholarship among students. Its requirements are equal to those of Phi Beta Kappa. Ten per cent of the graduating class may be admitted provided the members have a grade point ratio of 6.5, or somewhat more than a "B" average.

Social Societies

In years past there were two sets of literary societies on the hill. Recently all the organizations have swerved from their original purpose, and have become purely social societies. The girl's societies, Bainonian and Theta Epsilon, are the sister societies of the men's organizations known as Athenian and Alpha Sigma. Each society carries on a varied program throughout the year, and adds a great deal to the social activities of the college.

OTHER CLUBS

Writers' Workshop

Students who show interest and ability in literary work may be elected to the Writers' Workshop. The members are elected from the faculty and the junior and senior classes. Each member writes and reads aloud for criticism one paper a semester.

"M" Club

The "M" Club membership is restricted to those girls who have earned the college letter by participation in the athletic activities sponsored by the Point System.

Pi Upsilon and B. G.

These are clubs for hiking and other activities for men and women respectively. The men's organization is limited to twelve members and the women's to eight members.

Nature Club

The Nature Club is a very interesting one to belong to, for its meetings consist of movies, demonstrations, and similar programs. No technical knowledge is required for members.

Art Club

The Art Club is a newly formed club interested in promoting appreciation of art and in stimulating its members to creative work. The field of interest is wide including architecture, sculpture, and other branches of creative art.

Disc Club

For the benefit of music lovers who meet to hear recordings of symphonic and operatic music. At each meeting a qualified commentator introduces the compositions played.

Language Clubs

For students interested in modern languages and in the manners and customs of foreign countries, there is opportunity to gain confidence in the use of the foreign tongue, and to have a lot of fun in the French and German clubs. The programs are varied from seeing pictures and hearing lectures to giving plays in the foreign language.

Law Club

The Law Club is composed of students whose purpose is to familiarize themselves with the features of this profession, while developing high standards in connection with it. Visits of eminent speakers, participation by the members, and mock trials give valuable information and experience. The activities of the year are climaxed with the annual banquet.

Pi Gamma Sigma

This organization is sponsored by the Y. W. C. A. to promote fellowship between the town girls attending college and the dormitory students. A luncheon is held every two weeks and an interesting program presented.

Pre-Medical Club

This club was organized to promote interest in medicine and in the medical profession. Anyone having interests along these lines is invited to join.

State Clubs

In addition to the social clubs already mentioned there are various state clubs composed of students from the same section of the country. The Triangle, Cotton, and Appalachian clubs are of this group. They welcome you to join in their social fun.

PUBLICATIONS

The weekly "Highland Echo" is the college newspaper. Twelve freshmen apprentices are usually chosen each year by examination of samples of their writings in competitive tryouts. The "Chilhowean," the annual yearbook, is another student publication, edited by members of the junior class assisted by representatives of the sophomore class.

RELIGIOUS ORGANIZATIONS

Besides the "Y's" there are the Ministerial Association and the Student Volunteers. The ministerial group holds weekly meetings, but its most important activity is that embodied in four standing committees which conduct regular preaching and pastoral work in the county prison, local missions, and the country churches in the vicinity of Maryville.

The Student Volunteer group is composed not only of those who have pledged themselves to the foreign field, but of those who are interested in this form of Christian work. Regular meetings of the group are held Sunday evenings after vespers. Some phase of missionary work is considered, and frequently missionaries on furlough provide valuable and inspiring first hand material.

The Maryville Larger Parish composed of forty Ministerial and Student Volunteer members has charge of Sunday School work in a number of Sunday Schools in three counties around Maryville. This project is under the Presbyterian Mission Board.

Since 1877 February Meetings have been a part of the religious program. A prominent religious speaker conducts daily services, the object of which is to deepen the spiritual life on the campus.

The annual Fred Hope drive is for the collection of funds for use in the work of an African mission school of which Mr. Hope, a former Maryville student, is superintendent.

MUSICAL ORGANIZATIONS

The opportunities offered for musical achievement at Maryville College are numerous and varied. The four most influential musical organizations on the campus are the College Choir, the Glee Club, the Band, and the Orchestra, all under the direction of Professor Ralph R. Colbert. Each of these groups has built for itself an enviable reputation in East Tennessee. The smaller organizations, namely the Women's Trio, the Male Quartet, and the String Ensemble are also in demand.

The most widely renowned production of the Fine Arts department during the year is the annual presentation of Handel's "Messiah" with a chorus of two hundred voices, built around the nucleus of the choir and the glee clubs, accompanied by the college orchestra.

The College Choir is composed of forty students who are admitted to its ranks only after passing a rigid entrance examination. In addition to its participation in the weekly Vesper services, the choir serves in the newly inaugurated radio vespers.

Yearly spring concerts are given by the Orchestra, the Band, and the Glee Clubs. The Glee Clubs assisted by the orchestra also present a light opera, while the Band aids in the athletic events throughout the school year.

MARYVILLE ATHLETIC POLICY

Maryville stands for the well-rounded, well-developed college life. For many years the College has realized that one must not only be developed mentally and morally but also physically. As a result of this realization Maryville College holds a high rating among the schools of the southeastern states in regards to athletics. Her teams rank high in comparison with colleges of similar size throughout the country. Besides having inter-collegiate athletics, there is also conducted a well-developed and highly organized system of Intramural athletics for men. Under the leadership of Mrs. Verton M. Queener, coach of women's athletics, the women have what is known as the point system. Both of these programs will be more fully described later.

Of the group of nine or ten colleges and universities with which the Scotties have inter-collegiate competition, Maryville is probably the largest. Although the keen competition between these schools of East Tennessee and West North Carolina is not known throughout the country, few colleges have as high a reputation for honest and clean sports activity in their inter-collegiate competition. Hardly a year passes that does not find Maryville ranking high among the schools with which it competes.

Maryville does not buy her athletes. Those who come to Maryville come with the understanding that places on her athletic teams are open to physical fitness and average scholastic ability; nothing else. In addition it is true that athletic ability alone does not "make" a student at Maryville. Well rounded effort in other extra-curricular activity and in the classroom is just as important.

If you have any athletic ability at all come out for varsity sports, for you will help yourself and the college.

VARSITY SPORTS

Football

On some Saturday night very soon after the opening of the academic year, the flood lights of Wilson Field will be turned on and the "boys" will be out there on the field passing and kicking the ball around, the campus will be crowded with excited students and town people, the band will strike up one of the old pep tunes, inaugurating the beginning of another football season at Maryville college. But this season will somehow be different because you will be there. From the opening kick-off of the first game until the final whistle of the last game of the season on Thanksgiving Day, there will be plenty of action and excitement on Wilson Field.

The football coaches begin practice about two weeks before college starts and with the coming of new men the squad gradually rounds into shape for the opening game with Hiwassee College at Maryville. About forty men enter into competition each year for varsity positions. The eleven positions are all open. If you have the ambition and the ability, one of them may be yours before the season is over. Report as soon after you come to school as possible. Put everything you have into making the varsity, but don't get discouraged if you fail to make it. The coaches will still have a personal interest in you even though you remain a "scrub" for they will want to develop you for the other three years of your stay here.

Make up your mind to get out there and show the coaches and the rest of the squad what you have. Play squarely and honestly with them and you will find that they will do the same with you.

BASKETBALL

Basketball is one of the activities which really holds the interest of sport enthusiasts throughout the winter months. Last season Maryville's five played nice ball, winning from such schools as King, Western Carolina, Cumberland, Union, Emory and Henry, Carson-Newman, Hiwassee, Lincoln Memorial and others. After getting off to a slow start, the Scots came back fighting to end with a very successful season.

This sport comes under the direction of Coach Lombe S. Honaker, who "really knows his basketball." During the closing days of the football season, the captain of the team conducts the workouts. After Coach Honaker comes out, the squad is gradually cut down to about twenty men and then the real preparation for the production of a smooth, well-balanced quintet is begun in earnest. A long schedule with various independent and college teams is then begun which continues on into March before the season is finally ended.

Although the majority of last year's squad will return for another season on the Maryville floor, there is, however, always room for a good man; and if you have any talent for the game, be sure to come out when the first call is issued.

Baseball

With another strong Maryville team behind him, Coach Honaker was able to pilot the boys through an extraordinary season and to place the team high in the ranks of southern collegiate baseball. The record that our team has is something that Maryville students are all proud of. But with at least five of the veteran nine leaving as seniors, there will be plenty of room for improvements and new men.

Baseball is a sport that Maryville is known for not only in the South, but in such Northern states as Ohio, Illinois, and Indiana.

Coach Honaker is considered one of the best baseball coaches in this section of the country. Some of the exceptionally good players who have come under his training have gone up to the big leagues to make good. Scouts are always on the watch to see what "Honaker has at Maryville." If you have any leaning toward baseball, Coach Honaker wants you for he must have good material for his championship teams of the future.

Track and Field

Maryville has always had strong track and field teams. In 1939 the Scots climaxed their most successful season by winning the Tennessee State championship and beating many large schools and universities in this territory. In the 1940 season the squad held down second place in the state meet. This past year, however, the Scots were only able to place fourth. Maryville students await the day when, with your help, the track and field teams will once again be the proud Tennessee State champions.

Track practice begins about the middle of March and it continues until about the first or second week in May. Among the six or more meets, is the state track and field meet and the Smoky Mountain Conference meet.

You may show your ability in any one or more of the track and field events. Take a look at those college records, which are listed on a later page, and then drive at some of them! Perhaps you feel that you can already beat some of them.

MINOR VARSITY SPORTS

Wrestling

Maryville regained her position as undisputed title holder of Tennessee intercollegiate wrestling last year in a series of thrilling matches. The undefeated Scotties were victors over such schools as the U. of Tennessee, Western Carolina Teachers, and Vanderbilt University. Our new coach, J. D. Davis, has done a brilliant work in keeping up with the record of previous years. Next year there will be plenty of vacancies on the squad; so, regardless of your weight or experience, try out. There may be a place for you on another Maryville state champion team.

Swimming

Under the leadership of Coach George Fishbach, the swimming team undertook one of the most ambitious schedules in Maryville history. Building his team around and upon a majority of freshmen talent, Coach Fishbach looks forward next year to a great season. Although the team did not win every meet, they did succeed in breaking several records and the season was considered very successful.

Tennis

Here is another sport which has developed rapidly at Maryville. Throughout the year several matches are held each week, and trips are taken through Tennessee and surrounding states. With most of the old lettermen back for another season, the Scotty Tennis team completed a great year on the courts. Losing only a few matches, they look forward to next year as an even greater year with no defeats. Be-

cause none of the varsity men will be leaving this year, we students have all the reason to believe this to be possible. But even though the varsity men are all returning next year there are still places for those who are good players. The college has nine courts and these are usually filled in the early spring and fall months; so if you want to do anything with tennis, report early for practice.

Cross-Country

Because this sport comes in the fall during football season, it is not under the official guidance of any of the coaches but one of the runners is usually captain and coach. Previous seasons have been featured by victories over University of Tennessee and Lincoln Memorial University.

INTRAMURAL SPORTS PROGRAM

During the past year the Intramural Sports Program was considerably expanded and enlarged. The department of Intramurals offers to all students the opportunity to engage in healthful, wholesome, and worthwhile recreational activities under the careful supervision of the Intramural staff. That this service has been appreciated is proven by the keen interest, large participation, and fine spirit shown by the students during the past year. Special emphasis is given to those sports that have a "carry-over" value and can be used after leaving school. Every student is urged to adjust his program so that he can participate as much as possible in the opportunities offered for his enjoyment and value.

Activities on the program for this year in-

clude the following: touch football, tennis, golf, horseshoes, volleyball, tumbling, basketball, foul throw, ping pong, Intramural Festival, swimming, fencing, badminton, shuffleboard, archery, handball, croquet, and Sigma Delta Psi (National Athletic Fraternity trials).

Under the managerial system there is one senior manager, two junior managers, eight sophomore managers, and any number of freshmen try-out managers, all working with and under the supervision of George Fishbach, Director of Intramural Sports. All freshmen wishing to apply as try-out managers should contact the Intramural Director immediately after arriving at the College. Freshmen who qualify are appointed to higher managerial positions their following years.

There are two types of Intramural competition offered at Maryville—the divisions and the all-college. All team sports are conducted in two separate divisions or leagues: Society and Club; and Independent. These two divisions have the same sports schedule throughout the year. No independent may play on a Society or Club team, but a Society or Club member may play on an independent team providing he is not playing with his Society or Club in the same sport.

All individual sports are scheduled without divisions. Each individual represents himself rather than any organization. These are all-college events.

Freshmen and new students coming in should join an intramural team early in the fall. Touch football and tennis begin the Intramural Program. If you wish to become a team manager, organize an independent team of your

own and enter it in the independent league. Anyone who is unable to place himself on a team should contact the Intramural Office in order to insure himself of an opportunity for participation.

At the end of each year awards are given for achievement and success in the Intramural Program. To the senior Intramural manager is given a Maryville athletic sweater. A suitable trophy is given to the high, all-year scorer and monograms to the next ten highest scorers. Certificates of merit are also given to the winners and runner-ups in each event. To the Society or Club team that scores the most points throughout the year, a rotating trophy is awarded. Points are awarded on the following basis:

All team sports give 25 points for entrance.

All other sports give 10 points for entrance.

3 points are awarded for winning a game or match.

1 point is awarded for competing (and not winning).

Swimming meet points are the number won in the meet. Senior manager and receiver of athletic sweater, this year, was Arthur Peterson while higher scorer, Dave Butler, won the Intramural, individual trophy. Athenian received for winning the Society and Club competition the rotating trophy.

Intramurals on the "Hill" stand for good fellowship, vigorous competition and rivalry, better health and physical fitness. You will want to enter and participate in the Intramural Program. Through participation comes one of the best chances to meet other students and to become acquainted. You are urged to back up the Intramural Program.

WOMEN'S ATHLETICS

Point System of Athletic Awards

Since the intercollegiate contests have been dispensed with, the point system has been adopted. Women are given an opportunity to participate in every sport, and a chance to win the monogram, the small letter, or the large letter and sweater. By qualifying for basketball, soccer, indoor baseball, and volley ball teams a girl may win 30 points for each team. Additional points are awarded for sportsmanship, membership on a squad, captain or manager of a team, and perfect attendance. In swimming, track, tennis, hiking, and aerial dart tournaments, 50 points each may be won. High scholarship adds a certain per cent to the total of points won. The observance of health rules may total 25 points for each semester. In these activities sportsmanship is stressed as well as skill.

Honors are awarded as follows: 300 points, Maryville Monogram (MC); 400 points, Maryville "M"; 500 points, Maryville "M" with sweater.

UNWRITTEN LAWS AT MARYVILLE

A student

1. Wears no letter except an "M" earned by participation in some college sport;
2. Learns the college songs and yells as soon as possible;
3. Doesn't "razz" an umpire or referee for his decisions;
4. Is friendly and courteous to all;
5. Is honest at all times;
6. Respects the regulations of the College.

COLLEGE SONGS

The Alma Mater

I.

Where Chilhowee's lofty mountains
Pierce the southern blue,
Proudly stands our Alma Mater,
Noble, grand, and true.

II.

As thy hilltop crowned with cedars,
Ever green appears;
So thy memory fresh shall linger
Through life's smiles and tears.

III.

Lift the chorus, wake the echoes,
Make the welkin ring!
Hail the queen of all the highland!
Loud her praises sing.

Chorus after each stanza:

Orange, garnet, float forever,
Ensign of our hill!
Hail to thee, our Alma Mater!
Hail to Maryville.

Note.—An erect standing position and an uncovered head are prerequisite to a respectful attitude toward the Alma Mater at a time when it is being played or sung.

THETA EPSILON

Hello, New Co-Eds:

Theta Epsilon welcomes you to Maryville. We want each new girl to know the members of Theta Epsilon and to feel that Theta is your friend.

Our purpose as a society is not purely social, it is cultural also. In our meetings every Saturday evening we seek to inform as well as to entertain. After the wonderful time we have during rush week we work right on and have just as much fun at our parties, suppers in the woods, teas, and our joint meetings with Alpha Sigma.

And so New Co-Eds, Theta is looking forward in helping you to get the very most out of your college life.

Sincerely yours,
MARY FELKNOR, President

Maryville College

MARYVILLE, TENNESSEE

One Hundred and Twenty-Third Year
Begins September 2, 1941

Maryville College is one of the important church-related institutions of America, and seeks to be true to the noblest traditions of the association of education and religion. Its Directors are elected by the Synod of Tennessee of the Presbyterian Church in the U.S.A.

It is a Christian liberal-arts college with the purpose of providing a general cultural education. It is not a professional or pre-professional school, although its courses form sound foundational preparation for professional study.

Its fees are deliberately kept at a low level for the benefit of those who might not be able to attend otherwise. This makes earnest cooperation on the part of all an essential factor.

It desires to select its students on the basis of preparation, earnestness, capacity, character, and co-operativeness.
